DATE OF MANUFACTURE:

Introduction

Congratulations on purchasing the fantastic new Giant Polydron Wheels. The add-on wheels work perfectly with any existing Giant Polydron set to allow the construction of great cars, trucks or tractors. The large wheel can be positioned in either the top or bottom hole of the square, raising the car and turning a tractor into a dragster!

The vehicle builder set has been designed to include enough components to create some cool vehicles. A few of which are shown overleaf.
