

MECHANICS CARTS

MC-2

The Mechanics Two-Shelf Cart is ideal for simplifying the modern garage or workshop. With 3” casters, two with locking brakes, you receive a mobile storage device with a built-in home for most common tools. Two cup-holders on each shelf can hold bottles for cleaning and maintenance. Each shelf has two dividers that allow you to easily separate tools, while small compartments in the rear hold small parts. Clear up the clutter of your workplace today with the Mechanics Two-Shelf Cart.
