HygenX™

Specially-Engineered Microfiber Towel Pack

HygenX™ Microfiber Towel Pack

microfiber towel pack

HamiltonBuhl's HygenX™ Microfiber Towel Pack includes 20 6"x 6" microfiber towels specially-engineered for multi-purpose cleaning. These soft, lint-free and non-abrasive towels are ideal for cleaning and polishing all digital screens, grimy cell phones, monitors full of fingerprints, cameras, eyeglasses and more!

Safe on all surfaces, the HygenX™ Microfiber Towels help achieve superior cleaning as the microfiber actually gets underneath the dirt, dust and germs, lifting them from the surfaces and trapping them until the towel is washed.

Pair it with HygenX™ Universal Cleaner or HygenX™ Headphones and Headsets Cleaner for the safer choice for you, your students, your office, your home and the environment.

Use the specially-engineered microfiber towels to ensure everything you clean is left safe to handle, scratch-free, streak-free and sparkling in seconds. And for easy storage, the kit comes in a convenient, reclosable, hard plastic box.

Wash it and use it over and over, with complete confidence on any of your sensitive electronic devices, equipment or personal items.

Microfiber Towel Pack
