Patriot's Point

Meets National Standards for: ✓ **ASTM** F1487-17 ✓ **CPSC** Guidelines #325

Product Description

Climbing, interactive games, a slide; the Patriots Point hits all of the major points needed for a fun playtime but in a compact package. Children will scurry through the trees and up the Jungle Climber to reach whatever adventures lie at the top. The Tic-Tac-Toe Panel waits for them to engage in a simple game of wits. Spinning the cylinders round to show the classic “X” or “O”, children might transform into explorers trying to break into an ancient temple of unknown treasures! When they are done, a wave slide guides them back down to the bottom to begin their adventure again. Underneath is a Ship’s Wheel to steer their imaginations to the next game. The Patriots Point comes in two standardized color palettes, Primary or Neutral. For those wishing for a customized structure, there is a rainbow of colors available to choose from..
