HamiltonBuhl®
Animation Studio Kit

ANI-KIT

animation kit

The simple and easy to use Animate It! software has an intuitive interface with stunningly powerful features that will have your students creating stop-motion animations in no time!

The Animation Studio Kit™ includes a 5MP, 30FPS, gooseneck webcam with a non-slip base and Animate It! Stop Motion Animation Software, developed by the award-winning makers of "Wallace & Gromit."

Almost any topic can be made more interesting using stop motion animation, and students will learn from this exciting teaching technique.

Simply plug in the included USB webcam, grab an item - a toy, a fruit, a book, anything at hand - and get animating!

Producing animations requires teamwork and collaboration, problem solving and creativity. The HB Animation Studio Kit™ is perfect for students of all ages. The Animate It! software is detailed without being overwhelming, and kids will love seeing the end result of their hard work.

This kit contains everything you need to create amazing high-definition stop-motion animations. Fun for all levels!
