Divinity Hill

Meets National Standards for: ✓ **ASTM** F1487-17 ✓ **CPSC** Guidelines #325

Product Description

For kids who love to slide and play with their friends, there is no better play structure than Divinity Hill. The most exciting feature of this play structure is, of course, the trio of 5-foot slides that children can ride down after climbing up to the hill's summit via the Sea Creature Climber or accessible Transfer Station. The Wave Slide in the middle follows a straight path, but has a bumpy shape that slows kids down and adds to the fun. The Left and Right Turn Slides on either side of it are longer, and have an optional colorful striped pattern. For children who want a slightly gentler ride, there is also a 3-foot Double Slide. The fun continues at the bottom of the slides, where kids will find a Store Panel that is a perfect setting for them to play out imaginary games and scenarios with friends. For even more creative outlets, there is a set of Bongos where they can practice making rhythms, and a Ship's Wheel that puts them at the helm of their own imaginary vessel.

Product Specifications

Model Number: PKP009P
Age Range: 2-12 years
Child Capacity: 28-32
Fall Height: 60"
Post Diameter: 3.5-inch
Product Type: Quick Ship
Safety Zone: 35' 2" x 31'

✓ ADA Compliant

Elevated	5 components
Ground Level	3 components
