Pebble Path

Meets National Standards for: ✓ **ASTM** F1487-17 ✓ **CPSC** Guidelines #325

Product Description

The Pebble Path is a wonderful activity that can be installed right into the surfacing of your playground. This set consists of 12 individual Pebble Step Climbers, which children will gleefully hop across as they travel down the Pebble Path. The flat, circular tops of the pebbles have a surface that has a high level of traction, which makes it easier and safer for children to maintain their balance while standing on one. The pebbles can be set at different heights, which adds to the variance and difficulty of the Pebble Path, making kids consider the size of their steps and watch their footing. The steps have an alternating color scheme, with every other pebble being a different color. Choose the color or colors that best goes with the design of your playground, and the Pebble Path will fit right in.

Product Specifications

Model Number: PFS016P
Age Range: 2-12 years
Fall Height: Up to 24"
Product Type: Balance
Safety Zone: Dependent on arrangement
